

NORTH EAST AND NORTH CUMBRIA ICB INCENTIVISED ACCESS SCHEME (2023-24)

(Information correct as at January 2024)

The following practices are participating in an incentivised access scheme pilot, which is running until the end of March 2024, providing clinical sessions/appointments for the following:

- Patients requiring **urgent or emergency dental care** treatment.
- Patients with a **dental complaint ‘perceived urgent presentation’** requiring definitive treatment.
- **Looked After Children (LAC)** who require any form of oral health care support to ensure that they are appropriately safeguarded
- Patients who require **primary care dentistry intervention prior to, or as a result of being referred for NHS Secondary Care Dental or Medical treatment** that are identified via local CDS Service Providers, or others as notified by the NENC ICB.

The sessions/appointments are not available for **BAND 1 ROUTINE/RECALL** patient attendance, other than by exception e.g. Looked After Children.

Important Note: The number of sessions/appointments a practice has available is variable across the days and weeks and therefore depending on the capacity they have been able to offer and the demand into the practice, we are unable to guarantee that an appointment will always be available.
